Cautionary Statement

Forward-Looking Statements

This presentation contains forward-looking statements, including guidance for fiscal year 2020, within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements are based on Limoneira's current expectations about future events and can be identified by terms such as "expect," "may," "anticipate," "intend," "should be," "will be," "is likely to," "strive to," and similar expressions referring to future periods.

Limoneira believes the expectations reflected in the forward-looking statements are reasonable but cannot guarantee future results, level of activity, performance or achievements. Actual results may differ materially from those expressed or implied in the forward-looking statements. Therefore, Limoneira cautions you against relying on any of these forward-looking statements. Factors which may cause future outcomes to differ materially from those foreseen in forward-looking statements include, but are not limited to: changes in laws, regulations, rules, quotas, tariffs and import laws; weather conditions that affect production, transportation, storage, import and export of fresh product; increased pressure from crop disease, insects and other pests; disruption of water supplies or changes in water allocations; pricing and supply of raw materials and products; market responses to industry volume pressures; pricing and supply of energy; changes in interest and currency exchange rates; availability of financing for land development activities; political changes and economic crises; international conflict; acts of terrorism; labor disruptions, strikes or work stoppages; loss of important intellectual property rights; inability to pay debt obligations; inability to engage in certain transactions due to restrictive covenants in debt instruments; government restrictions on land use; and market and pricing risks due to concentrated ownership of stock. Other risks and uncertainties include those that are described in Limoneira's SEC filings which are available on the SEC's website at <http://www.sec.gov>. Limoneira undertakes no obligation to subsequently update or revise the forward-looking statements made in this presentation, except as required by law.

Non-GAAP Financial Measures

Due to significant depreciable assets associated with the nature of the Company's operations and interest costs associated with its capital structure, management believes that earnings before interest, income taxes, depreciation and amortization ("EBITDA") and adjusted EBITDA, which excludes impairments on real estate development assets when applicable, is an important measure to evaluate the Company's results of operations between periods on a more comparable basis. Such measurements are not prepared in accordance with U.S. generally accepted accounting principles ("GAAP") and should not be construed as an alternative to reported results determined in accordance with GAAP. The non-GAAP information provided is unique to the Company and may not be consistent with methodologies used by other companies. EBITDA and adjusted EBITDA is summarized and reconciled to net (loss) income attributable to Limoneira Company, which management considers to be the most directly comparable financial measure calculated and presented in accordance with GAAP.

Financial Performance & Outlook

Recent Business Highlights

- Despite pressure from COVID-19, the Company achieved the following results for the first quarter of fiscal year 2021:
 - Record domestic fresh lemon volume with 1.3 million cartons sold due to expanded focus on retail food and club grocery
 - Total costs and expenses decreased to \$43.9 million from \$50.1 million in the first quarter of fiscal year 2019
 - Closed sales of additional 44 *Harvest at Limoneira* lots
- In December 2020, the Company received \$5.0 million of federal income tax refunds related to the Coronavirus Aid, Relief, and Economic Security Act. The Company expects an additional \$0.9 million of California state refunds in fiscal year 2021.
- In March 2020, the Board of Directors approved a share repurchase program authorizing the repurchase up to \$10.0 million of outstanding shares through March 2021. During the fiscal year 2020, the Company repurchased 250,977 shares for approximately \$3.5 million. At the end of the first quarter of fiscal year 2021, the remaining authorization under this program is approximately \$6.5 million.
- The Company believes orange and avocado revenue in fiscal 2021 will be strong due to market factors and positive initial crop indicators. The Company also believes it will experience improving results compared to last year during the second, third and fourth quarters of fiscal 2021 due to its stronger position in grocery compared to last year and as food service and export markets recover and cost control measures continue to show improvement.
- The Company expects to receive \$80 million from *Harvest at Limoneira* during next 6 fiscal years, beginning 2022.

Annual dividend has increased by 67% over the past 5 years
